

7th ISPAD Science School for Health Professionals Report

Dates: August 10-12, 2008

Location: Durban, South Africa

The 5th ISPAD Science School for Health Professionals was held in Durban August 10- 12th, just before the annual meeting. The three-day Workshop is designed for health professionals (dietitians, nurses, psychologists, and social workers) who wish to develop a research expertise in young people with diabetes. It was chaired by Professor Alan Delamater, Psychologist from Miami, USA, and Dr. Sheridan Furber, Senior Dietitian from Dorchester, UK. There were 46 applications from 32 countries for the 15 sponsored positions. This course was sponsored by Johnson& Johnson.
